

SCS Global Services does hereby certify that the following fishery meets the Marine Stewardship Council's environmental standard for a well-managed and sustainable fishery:

Eastern Pacific Ocean tropical tuna – purse seine (TUNACONS) fishery

Gear: Purse-seine gear types using Free school and FAD sets

Stock: Eastern Pacific Ocean yellowfin & skipjack tuna stocks

Operators: Vessels identified by TUNACONS members, including Eurofish, NIRSA, Servigrup, Tri Marine, Grupo JADRAN, PESDEL, Manacripex, and Pacifictuna.

Certified products may enter a Chain of Custody from: For the vessels in the Tunacons Unit of Certification that only fish on FAD and free school sets, the Chain of Custody (CoC) starts at the point of landing. For the select vessels in the Tunacons UoA that also have authorization from IATTC to set on dolphins-associated schools, CoC will be required to start at the point of capture.

IPI catches may enter further chains of custody from: NA

Parties entitled to use the certificate to enter product into certified Chain of Custody include: See Vessel List

This independent certification assessment was conducted on behalf of:

Tuna Conservation Group (TUNACONS)

Avenida Francisco de Orellana, Edificio Nobis Piso 7 Oficina 707, Guayaquil, Guayas, Ecuador

MSC Standard: MSC Fisheries Standard v2.01

Certification Code: MSC-F-31557 Valid
from: July 7, 2022
Valid to: July 6, 2027

A handwritten signature in black ink, appearing to read "Gabriela Anhalzer".

Gabriela Anhalzer, Program Manager

*Only FAD and free-school sets have been considered part of the UoA, dolphin sets are not part of the UoA. Vessels indicated with an asterisk have permits to conduct dolphin sets, but also conduct FAD and free school sets. For this reason, the vessels that have a permit to set on dolphins are required to have CoC in place to segregate dolphin sets from the other set types.
